

Sierra – Sacramento Valley EMS Agency Program Policy

**ALS Specialty Program Provider Inventory Requirements**

	Effective: 12/01/2018	Next Review: 05/2021	<b>702</b>
	Approval: Troy M. Falck, MD – Medical Director		SIGNATURE ON FILE
	Approval: Victoria Pinette – Executive Director		SIGNATURE ON FILE

**PURPOSE:**

To establish a standardized inventory for S-SV EMS approved ALS specialty program providers (Bike Team, Fireline and Ski Patrol).

**AUTHORITY:**

- A. California Health and Safety Code, Division 2.5, § 1797.204 and 1797.220.
- B. California Code of Regulations, Title 22, Division 9.
- C. FIRESCOPE California Incident Command System Position Manual Fireline Emergency Medical Technician/Fireline Paramedic (EMTF/EMPF) ICS 702 (12/2016)

**POLICY:**

- A. ALS specialty program provider personnel shall carry the minimum equipment and supply inventory listed in this policy. Reasonable variations may occur; however, any exceptions or additions shall have prior S-SV EMS approval.
- B. Any S-SV EMS approved ALS service provider may utilize appropriately trained personnel to provide ALS bike team services during special events.
- C. S-SV EMS approval is required to provide ALS Fireline and ALS Ski Patrol services.
- D. The Fireline Paramedic shall report to the incident with the full complement of EMS equipment/supplies. The Incident Medical Unit will re-supply the Fireline Paramedic to the best of their ability.
- E. Fireline Paramedic providers should stock sufficient quantities of medical supplies and medications (especially controlled substances) to avoid the need for mid-incident restock. Incident Medical Units may not be capable of re-supplying controlled substances.
- F. Controlled substances shall be secured in accordance with S-SV EMS Management of Controlled Substances policy (710) and the providers' policies and procedures.
