

Pediatric Respiratory Distress – Stridor

Approval: Troy M. Falck, MD – Medical Director

Effective: 06/01/2021

Approval: Victoria Pinette – Executive Director

Next Review: 01/2024

- The hallmark of upper airway obstruction (croup, epiglottitis, foreign body airway obstruction) is inspiratory stridor.
- Do not attempt to visualize the throat or insert anything into the mouth if epiglottitis is suspected.
