

Sierra – Sacramento Valley EMS Agency Program Policy			
MICN Authorization/Reauthorization			
	Effective: 10/01/2025	Next Review: 04/2028	915
	Approval: Troy M. Falck, MD – Medical Director		SIGNATURE ON FILE
	Approval: John Poland – Executive Director		SIGNATURE ON FILE

PURPOSE:

To establish a process for obtaining authorization or reauthorization as a Mobile Intensive Care Nurse (MICN) within the S-SV EMS region. MICN means a registered nurse (RN) authorized by the S-SV EMS Medical Director to provide instructions to prehospital EMS personnel according to approved S-SV EMS policies/protocols.

AUTHORITY:

- A. HSC, Div. 2.5, § 1797.56, 1797.204, 1797.206, 1797.218, 1797.220, 1798, 1798.2, 1798.100, 1798.102 & 1798.105.
- B. CCR, Title 22, Div. 9.
- C. BPC, § 2725.

POLICY:

- A. An individual shall comply with the initial authorization requirements and obtain S-SV EMS MICN authorization prior to functioning as a MICN in the S-SV EMS region.
- B. A MICN shall comply with the reauthorization requirements, prior to the expiration date of their current authorization, to maintain S-SV EMS MICN authorization. Failure to comply with the reauthorization requirements means that the MICN has failed to maintain authorization and shall not function as a MICN in the S-SV EMS region until all reauthorization requirements are met.
- C. A MICN shall only provide instructions to prehospital personnel when they are on-duty in a S-SV EMS base hospital emergency department.

PROCEDURE:

MICN Initial Authorization Requirements:

- A. To be eligible for initial MICN authorization, an individual shall comply with the following requirements:

1. Be currently licensed as an RN in California.
 2. Be currently employed in a S-SV EMS base hospital emergency department and be recommended for MICN authorization by the base hospital.
 3. Have a minimum of six months (1040 hours) of clinical experience within the last 24 months in an acute care hospital emergency department.
 4. Meet one of the following training program criteria:
 - Successful completion of a S-SV EMS approved MICN training program (including the four-hour ground ambulance ride-along and base hospital orientation components) within the previous 12 months.
 - Successful completion of a S-SV EMS approved MICN training program within the previous 12 – 24 months, successful completion of a MICN training program from another California LEMSA within the previous 24 months, or possess a current/valid MICN authorization from another California LEMSA, and complete the following additional requirements within the previous 90 days:
 - A minimum four-hour ride-along with a S-SV EMS approved ALS 911 ground ambulance provider, which includes two ALS contacts, or two ALS patient scenarios conducted by the paramedic.
 - A base hospital orientation with the S-SV EMS designated base hospital.
 5. Attend the S-SV EMS Paramedic Accreditation course within the last 90 days (note: this training may also be conducted by S-SV EMS representatives during the initial MICN training program).
 6. Submit a completed MICN initial authorization application.
 7. Provide documentation/evidence of the items listed above, in addition to copies of the following current/valid items:
 - U.S. state-issued driver's license or photo identification card.
 - Healthcare Provider CPR recognition.
 - ACLS recognition.
 - PALS or APLS recognition.
 8. Pay the S-SV EMS MICN initial authorization fee.
- B. S-SV EMS will issue a MICN authorization certificate within ten business days to eligible individuals who apply for initial MICN authorization and comply with the initial authorization requirements listed in this policy. The effective date of the MICN authorization certificate will be the day the certificate is issued, and the expiration date will be the last day of the month two years from the effective date of the initial authorization.

MICN Reauthorization:

- A. A MICN shall comply with the following requirements, prior to the expiration date of their current authorization, to be eligible for S-SV EMS MICN reauthorization:
1. Submit a completed MICN reauthorization application.
 2. Maintain and provide copies of the following current/valid items:
 - California RN license.
 - U.S. state-issued driver's license or photo identification card.
 - Healthcare Provider CPR recognition.
 - ACLS recognition.
 - PALS or APLS recognition.
 3. Complete 12 hours of EMS continuing education (CE) during the current authorization cycle as follows:
 - Field care audits (four hours) – Review of base hospital audio tapes and/or written patient care records.
 - Field experience (four hours) – Ride-along with an S-SV EMS approved ALS 911 ground ambulance provider, which must include two ALS contacts, or two ALS patient scenarios conducted by the paramedic.
 - EMS CE topics (four hours) – Obtained from one of the following sources:
 - S-SV EMS Paramedic Accreditation course attendance (limit: one per year).
 - S-SV EMS REMAC meeting attendance (limit: two per year).
 - S-SV EMS Regional Training Module completion.
 - Attendance at formal field care case reviews.
 - EMS related CE offered by an S-SV EMS approved CE provider.
 4. Maintain employment in a S-SV EMS base hospital emergency department and provide documentation of base hospital reauthorization recommendation.
 5. Pay the S-SV EMS MICN reauthorization fee.
- B. S-SV EMS will issue a MICN authorization certificate within ten business days, to eligible individuals who apply for MICN reauthorization and comply with the MICN reauthorization requirements listed in this policy. If the reauthorization requirements are met within six months prior to the current authorization expiration date, the effective date of reauthorization certificate will be the date immediately following the expiration date of the current authorization certificate and will expire two years from the day prior to the effective date. If the reauthorization requirements are met greater than six months prior to the current authorization certificate expiration date, the effective date of reauthorization certificate will be the date the individual applied for

reauthorization, and the authorization certificate expiration date will be the last day of the month two years from the effective date.

MICN Reauthorization After Lapse:

- A. In addition to the reauthorization requirements specified in this policy, an individual with a lapsed MICN authorization shall also meet the following requirements to be eligible for reauthorization:
1. If the authorization has lapsed for less than 12 months, the MICN shall attend the S-SV EMS Paramedic Accreditation course within the previous 90 days.
 2. If the authorization has been lapsed between 12 – 24 months, the MICN shall:
 - Attend the S-SV EMS Paramedic Accreditation course within the previous 90 days.
 - Complete a base hospital MICN re-orientation with the S-SV EMS base hospital within the previous 90 days.
 - Complete an additional four-hour ride-along with a S-SV EMS approved ALS 911 ground ambulance provider, which includes two additional ALS contacts, or two additional ALS patient scenarios conducted by the paramedic (total of eight hours of ambulance ride-along). At least four hours of ambulance ride along shall be completed within the previous 90 days.
 3. If the authorization has lapsed for greater than 24 months, all initial authorization requirements must be met.
- B. S-SV EMS will issue a MICN authorization certificate within ten business days, to eligible individuals who apply for MICN reauthorization and successfully complete the requirements listed in this policy. The effective date of the MICN reauthorization certificate will be the day the certificate is issued, and the certificate expiration date will be the last day of the month two years from the effective date of the reauthorization certificate.

APPLICATION PROCESSING:

A completed MICN authorization/reauthorization application and all required supporting documentation must be submitted to S-SV EMS prior to processing.
